

DRIVING INSTRUCTIONS FROM THE AIRPORT TO ATLANTIC OCEAN BEACH VILLAS on COCONUT ROAD.

PLEASE KEEP IN MIND THAT ALL VEHICLES DRIVE ON THE LEFT SIDE OF THE ROAD IN THE TURKS AND CAICOS ISLANDS.

We have no traffic lights in Providenciales. All of our intersections have "Traffic Circles" and they are in place of traffic signals. Please proceed cautiously through all traffic circles. The rules of the road are that any vehicles in the traffic circle have the right of way and you must yield to them. Proceed and slowly merge into each traffic circle as you approach it while you are watching for other vehicles. Always use your turn signals in order for other drivers to be aware of where you are attempting to go. Most of the streets or intersections in Providenciales do not have any signage on them that will tell you the name of them. We have outlined most of the instructions on this letter by using "landmarks" as a way of identification as to your whereabouts.

IF YOU ARE NOT LEASING A CAR, we recommend calling "GLORIA'S TAXI" at 649-231-6279 or emailing them at gloriastaxi@yahoo.com. Gloria's Taxi is very familiar with our Villa Complex and special flat rate fees have been negotiated with them so you do not get any nasty surprises as to the taxi fare that you would pay when using other taxi operations. Please confirm the rates that you will be paying directly with them. Their rates are a one price flat rate, regardless of the number of people in the party that will be traveling.

DRIVING INSTRUCTIONS:

From the airport, take Airport Road to the first traffic circle where you will see the large colorful "Welcome to Providenciales" display in the middle of this traffic circle. This will be within .8 miles from the airport.

At this traffic circle, take the immediate road to the left and proceed to the next traffic circle. The distance is about .2 miles.

At the second traffic circle which is called "Fuller Walkin", proceed straight through and continue going onto Leeward Highway. Remember that you have to enter the traffic circle from the left and continue onto Leeward Highway.

Proceed on Leeward Highway to the next traffic circle which is called "South Dock". The distance is about .3 miles. At this traffic circle you will proceed straight to remain on Leeward Highway.

Keep going on Leeward Highway for about 1.2 miles. Look for a large blue building on your right which is the NAPA Auto Parts store. When you see the blue NAPA building on your right, you will also quickly be at another traffic circle which is called "Gus Lightbourne". Do not go through this traffic circle. Make a left on the first road in this traffic circle. This road is on your immediate left and is named "Turtle Cove Road". Take Turtle Cove Road down to the Turtle Cove Marina.

At the bottom of this road and hill there will be Turtle Cove Marina. Stay on this road as it curves. Proceed past the Turtle Cove Marina, motel, restaurants and shops. As soon as you pass these you will approach the first road on your left and the "PLAYERS CASINO" building will be on your right side. This road is called Bridge Road and you should make a left on this road.

When you make this left turn, you will go over a small bridge and over the canal. Keep going straight until you see an unpaved sandy road to the right. This unpaved sandy road is COCONUT ROAD. Make a right hand turn on Coconut Road. Proceed on this very short road until you see the yellow estate walls and you will have arrived at Atlantic Ocean Beach Villas. Our villa complex has blue double gates into both of the driveways.

Look at the signs of the driveway entrances. These signs will indicate the Villa Names and their locations. Turn into the driveway that your Villa is located in. Your Reservation confirmation outlines the name of the Villa that you will be staying in.

Please go directly to the Villa on your reservation and your "Villa Attendant" will greet you directly at your Villa that you will be staying in.
